

Jones Early Childhood Center

Open House

The Stoughton Public Schools runs two community based pre-school classrooms at the Jones Early Childhood Center for students who are four years old and will be transitioning to Kindergarten for the following school year. The community classrooms allow students to prepare their minds and bodies for the rigor of a full day academic classroom. The program is funded through a Title One Grant and allows eligible families the opportunity to enroll their children in a full day program at no cost to the family if they meet the criteria. In order to be considered for this program, the family information sheet must be completed as part of your registration packet.

*Please join us at our Open House on
